WHO WE ARE !!

Al-Alameya Group

Is one of the largest companies present in the Kingdom of Saudi Arabia and the Saudi market, but also has a strong presence in both Kingdom of Saudi Arabia and the United Arab Emirates. The group is considered one of the leading companies in many fields that interest to the business world today and it has a manpower and trained of engineers, departments and technical offices working hard and always on the development that qualified it to be one of the big companies name in the world of hotel furniture, home and office furniture, as well as all interior and exterior decoration works through its interest in including the cadres and the experienced and fully aware of the market requirements and what the customers need.

Our Clients:

Al-Alameya group of companies (the hotel and home furniture sector, office furniture and decoration) has a large base of customers with big names known in the Saudi market in the field of business and hospitality sector , which has gained through its credibility and customer confidence in its performance and implementation of the work as agreed, which led to the association of customers with the group that manages those Business, on her head the Group Chairman.

This great concern to customer satisfaction and credibility with them which is the companys policy, and the basic profitability is not to lose the customer and continuity. We are a global group of companies that have largest customer base with big names in the business world, whether from the public sector or the government sector.

Our Concern:

The customer is our top concern. Therefore, we are always keen on the development process on a permanent and continuously, to elevate ourselves as a large and pioneering company to be one of the largest companies in the world of hotel, home and office furniture, not only in Saudi market, but also through the company's branches in the United Arab Emirates and Egypt. Therefore, the continuous development of Our human resources is one of our biggest concerns because it represents the real wealth of any success, which will positively return to our customers and the way to deal with and manage their business through projects and how to implement them, and that is from a unified policy of the group that is summarized in the development of skills and the selection of qualified competencies and expertise to manage this entity.

Our Vision:

We are constantly striving and planning not only to be present in a large and expanding market with many competitors, but also to be a leader in this field, depending on a large and reliable name and how it is managed. Our vision is fully linked to the vision of the Kingdom 2030, and in this way, we proceed, plan and develop in order to be qualified to keep pace with the vision of the Kingdom and the great development taking place in it, all under conditions of fierce competition. This is not everything, but our reliance on the largest factories and names in the world of manufacturing, quality and design, and depending on the best materials and diversity in our sources is one of the reasons for our strength, which made us offer the best price, the highest quality, the fastest service and the strongest guarantee: all with a big name in the Saudi market
