IT'S NOT JUST
FURNITURE
IT'S A LIFESTYLE!

Complet Furniture

„Tradition felt in every detail of our furniture“

Complet Furniture is more than just a brand – it is a story of family, passion, and craftsmanship. Since 1989, we have been creating upholstered furniture that blends traditional values with a modern approach to design. By combining experience with innovation, each of our products becomes a true expression of excellence and attention to the finest details.

Every piece of furniture crafted in our workshop is not only a functional element of an interior but also a testament to quality, durability, and aesthetics, which are appreciated in international markets.

We believe that strength lies in tradition and beauty in craftsmanship. That is why every detail of our products carries a sense of history, passion, and uniqueness—making Complet Furniture a brand with a soul.

How We Work

Our work is a process where tradition meets modernity, and passion merges with precision. Every stage of creating our furniture – from the first inspiration to the finished product – is carefully planned and refined down to the smallest details. Thanks to the unique combination of traditional craftsmanship methods and advanced technologies, we are able to create furniture that not only captivates with its appearance but also offers unmatched quality and durability.

Our in-house design team enables us to bring bold visions to life and respond to the individual needs of our clients. We use certified materials such as solid wood and eco-friendly fabrics, while also investing in a state-of-the-art machinery park that allows us to manufacture at the highest global standards. It is our commitment to quality and innovation that makes every order a challenge we take on with pride.

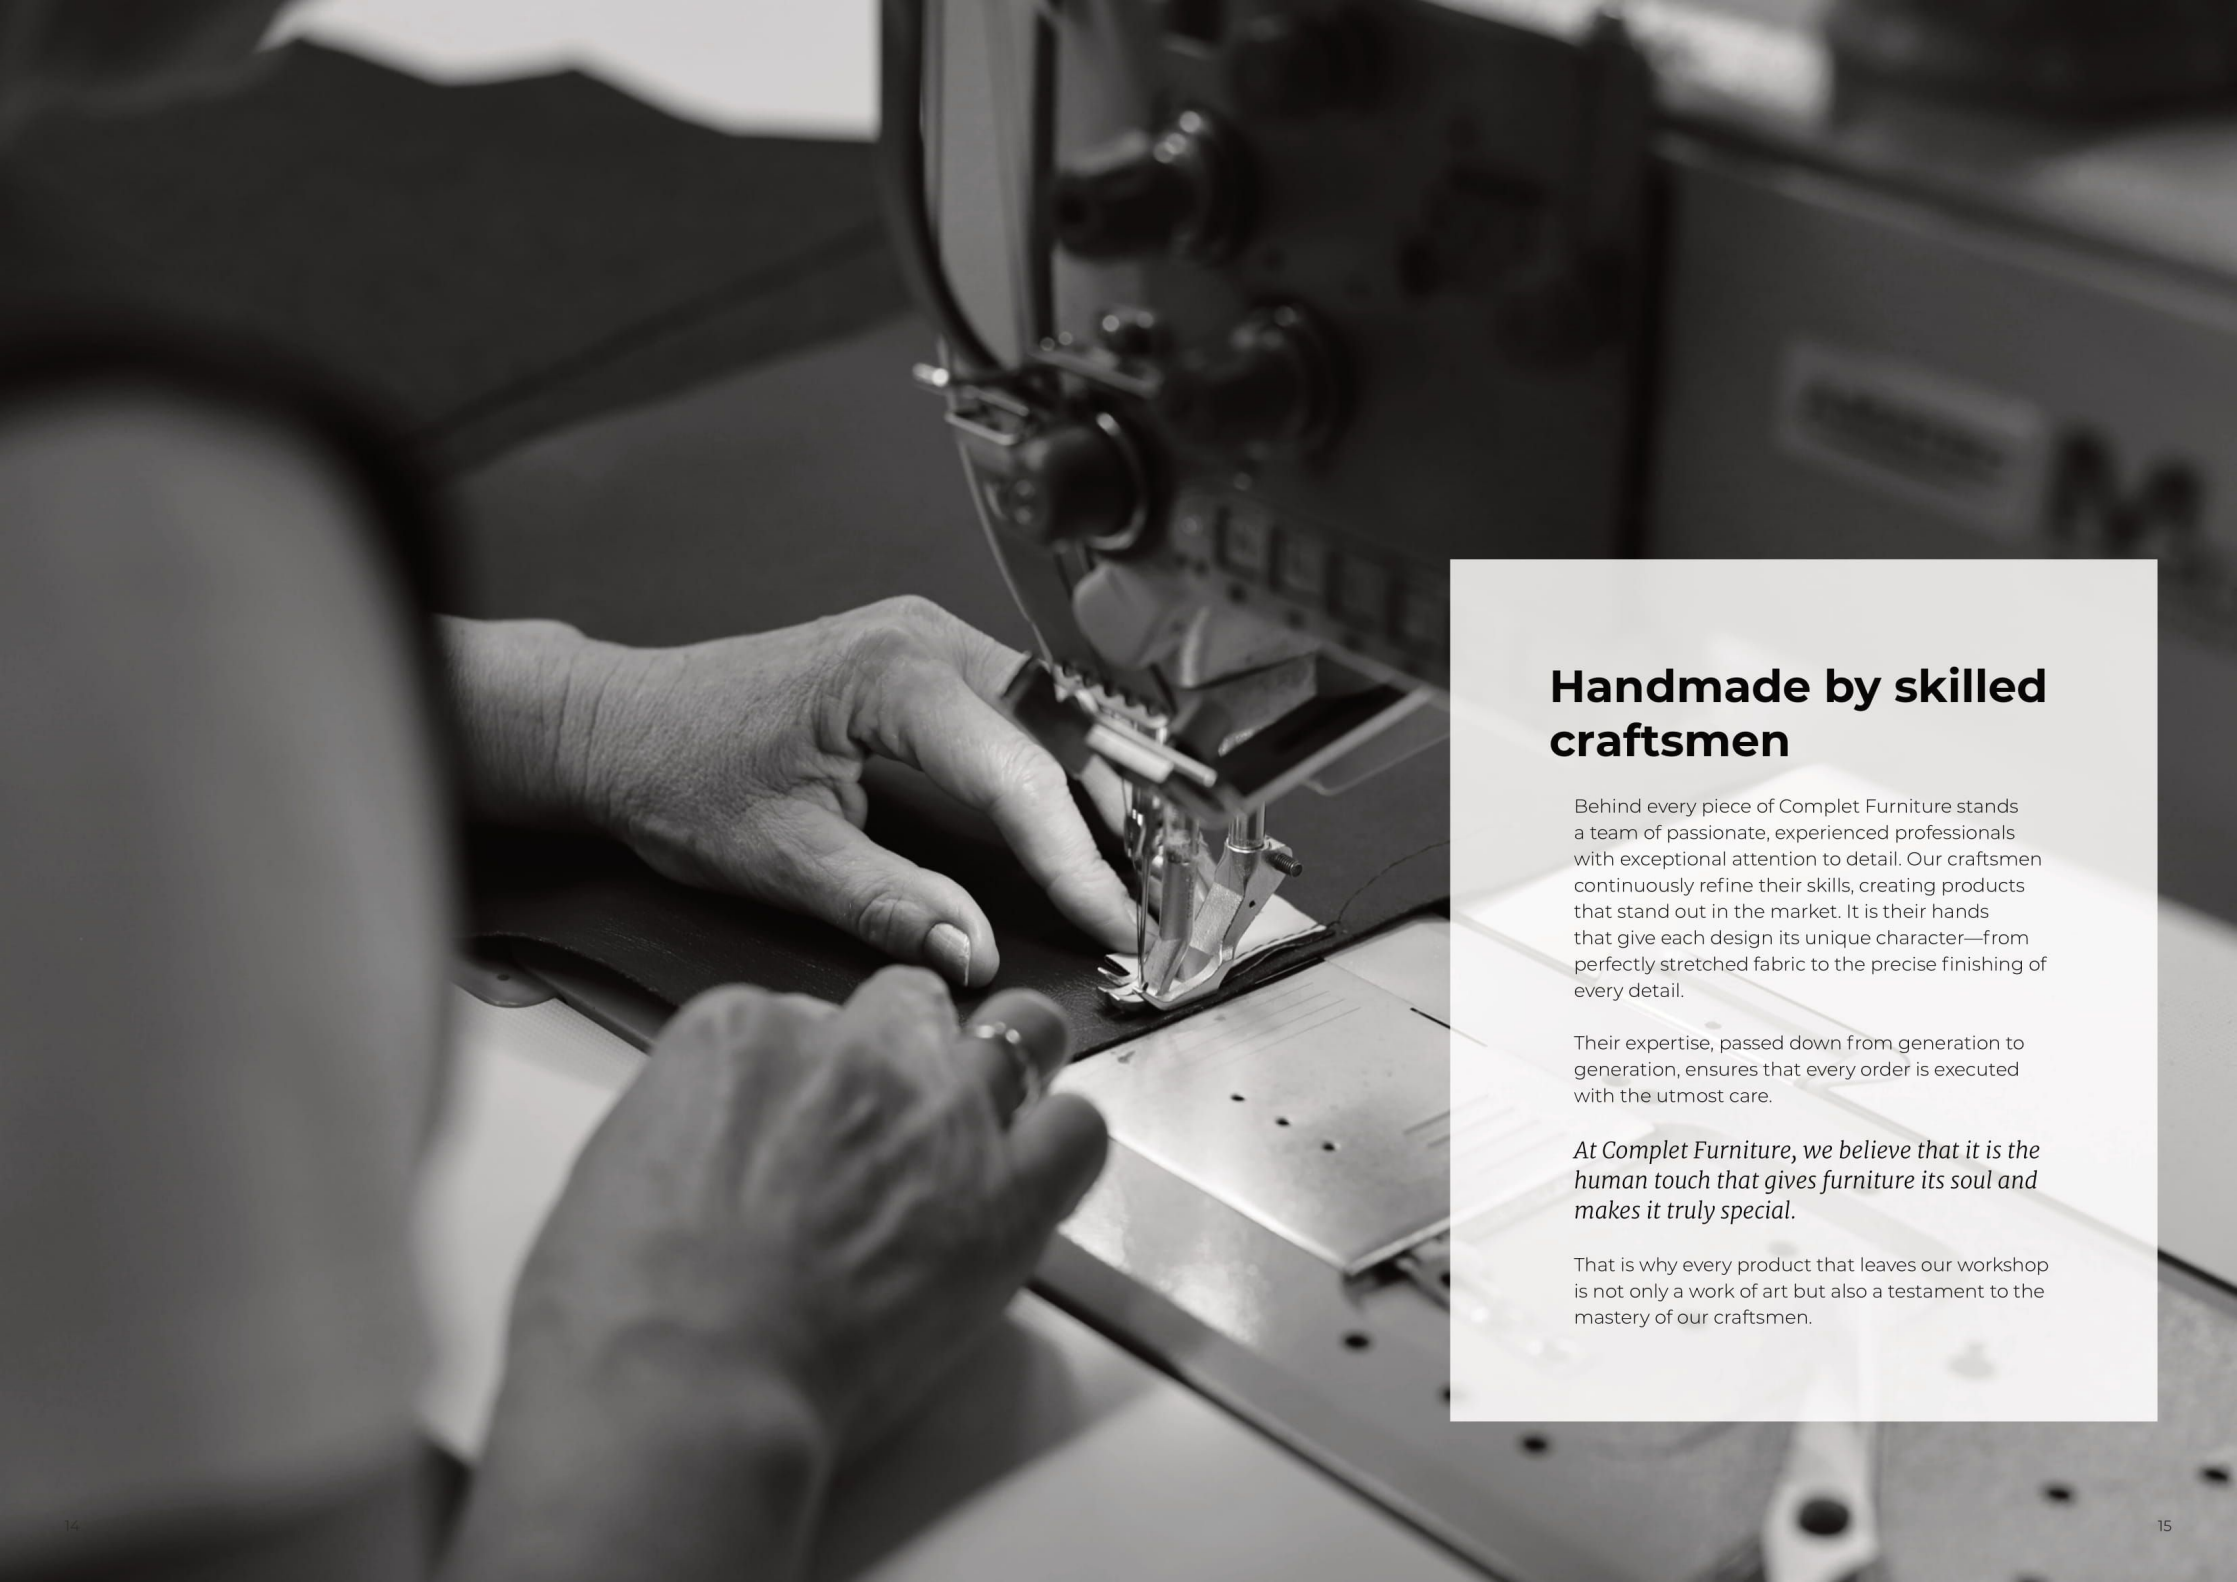

Ecology and Sustainable Development

For us, creating furniture is more than just production—it is a responsibility toward the environment and future generations. Our mission is to design beautiful, durable products that bring joy to their users for years while minimizing their environmental footprint.

We use FSC-certified wood, eco-friendly adhesives and varnishes, and modern technologies that help us reduce CO₂ emissions. We believe in the zero-waste philosophy—fabric scraps are given a second life as bags, cosmetic cases, or pencil cases. We have also invested in renewable energy sources to make our operations as environmentally friendly as possible.

Our efforts have been recognized by international standards, as confirmed by SMETA audit results and our presence on the SEDEX platform. Each piece of furniture we create reflects our care for the planet and our belief that beauty and sustainability can go hand in hand.

Handmade by skilled craftsmen

Behind every piece of Complet Furniture stands a team of passionate, experienced professionals with exceptional attention to detail. Our craftsmen continuously refine their skills, creating products that stand out in the market. It is their hands that give each design its unique character—from perfectly stretched fabric to the precise finishing of every detail.

Their expertise, passed down from generation to generation, ensures that every order is executed with the utmost care.

At Complet Furniture, we believe that it is the human touch that gives furniture its soul and makes it truly special.

That is why every product that leaves our workshop is not only a work of art but also a testament to the mastery of our craftsmen.

Our Products

Every piece of furniture we create begins its journey with inspiration—a vision of comfort, elegance, and timeless style. It is a story that starts with a carefully selected piece of wood, passes through the hands of skilled craftsmen, and ultimately becomes something more than just an object—a place for relaxation, gatherings, and everyday moments.

Armchairs that envelop you in comfort, offering rest after a long day. Sofas that become the heart of the home, inviting conversation and shared moments. Ottomans that complete a space with both functionality and style. Corner sofas that encourage you to sink into their softness, providing the perfect blend of comfort and aesthetics.

Every detail, every stitch, and every fabric texture is carefully considered so that our furniture not only looks beautiful but also stands as a symbol of durability and comfort. It is within these details that the story of our products unfolds—a tale of craftsmanship, quality, and passion, felt in every touch.

news **2025**

A close-up photograph of a modern armchair. The chair features a light-colored, textured fabric, possibly linen or a similar natural fiber, with a visible weave. The focus is on the curved, padded armrest and the side of the seat, showing the clean lines and soft contours of the design. The background is a plain, light color, making the chair the central subject.

Comfort that Inspires – **armchairs**

Discover armchairs that combine elegant design, ergonomics, and top-quality craftsmanship. Perfect for relaxation, stylish interiors, and everyday comfort. Designed with attention to every detail to seamlessly fit into your space.

S

A close-up, artistic photograph of a chair's backrest. The image shows several vertical lines of stitching or pleats in a light beige or cream-colored fabric. The lighting is soft, creating a gentle gradient from left to right, with the right side being slightly brighter. The overall mood is elegant and minimalist.

Comfort in an Elegant Form **Upholstered chairs**

Carefully designed to combine comfort with aesthetics. Perfect for dining rooms, offices, or lounge spaces, they seamlessly fit into modern interiors. With a solid construction and refined details, they are a choice built to last.

PROPOSED

HAMAR
sofa 2,5-seaters

Hamar

Simple wooden legs, thick seats, and bold geometric shapes give the HAMAR collection a modern character with a touch of Scandinavian coziness. The equal height of the backrest and sides enhances symmetry, while the solid construction ensures durability and comfort. Perfect for spacious interiors with a modern aesthetic.

PROPOSED

RITA
sofa 2,5-seaters

S

Rita

Distinctive shorter armrests, a seamless seat surface, and a symmetrical form give it a light, Scandinavian character. Wooden legs and a uniform height of the back and sides emphasize the minimalist design, making it a perfect fit for modern interiors.

JUPITER
sofa 3,5-seaters

MF

Jupiter

JUPITER stands out with its minimalist design, sharp lines, and geometric precision. Chrome metal legs give the collection a bold, modern character. Loose seat and back cushions provide comfort, while decorative piping enhances the elegant finish. A perfect choice for contemporary interiors.

MANU
sofa 2,5-seaters

Manu

MANU captivates with soft lines and symmetrical curves, bringing a modern, harmonious touch to any interior. The sofa features rounded sides, while the armchair is designed with a circular base and a semi-circular backrest. A swivel base option allows for 360° rotation, adding functionality without compromising its elegant and lightweight form—perfect for contemporary spaces
